

Wines

This is our wine menu.

The wines are listed in ascending
order of taste.

From light and fresh to
full-bodied and complex.

All our wines are originated in Europe.
'Cause why would we get them from far,
when the best is right here on our own
continent?

"Here's to sameness and difference
for the now and the next".

Cheers!

*We serve 125ml per glass of wine and
100ml per glass of bubbles*
